

S. P. WILL CUT SPARKS FORCE

Substantial reduction of the working force employed by the Southern Pacific at Sparks will be made Wednesday, according to a report published in the Sparks Tribune. The report states the reduction follows instructions received from San Francisco and similar reductions of the mechanical department will become effective next the system.

About eighty men are expected to lose their positions under the order. Those who are employed last will be the first to go and it is not expected any of the older men will go.

This will be the second lay-off in recent months. About two months ago sixty men were laid off and it is now believed the force has been reduced to a point where a fewer number of mechanics could not handle the work done at this point.

H. W. Wistner, assistant superintendent, was out of the city and is confident upon the condition could be obtained from officials at the company.

RIVER POWER TO SAVE MUCH COAL

(By Associated Press) CHICAGO, Ill., Dec. 1. H. C. Gardner, president of the Great Lakes St. Lawrence Tidewater association, yesterday characterized the conservation phase of the St. Lawrence improvement as "fundamentally the most important of all."

He said that the electricity generated by harnessing the flow of the Great Lakes to the sea would furnish power in every city, town and farmstead in northern New York and New England. He quoted estimates that within 10 or 20 years the annual coal saving would amount to 100,000,000 tons.

SNUFF REPLACES CUP AT SCOT'S BANQUET

BOSTON, Dec. 1.—Snuff replaced the exhilarating cup at Scots Charitable society banquet last night. The first sniffer was Governor Coolidge, as chief guest. He snuffed a snuff from a silver horn, then sneezed, and it was then passed around the tables.

MINING STATION TO OPEN JAN. 15

The formal opening of the new government precious metals mining station that is being erected at the University of Nevada is expected to take place about January 15, although the contract calls for the completion of the building by the first of the year.

Brick laying was commenced this having been completed together with the rough boarding of the floor. The building has been under construction for about two months.

Dr. D. A. Lyons, supervisor of stations, and Dr. F. G. Cottrell, director, will be present at the formal dedication. It is expected that all members of the staff and their families will have arrived by January 1. The staff will include Dr. S. C. Lind, superintendent; W. H. Conhill and J. Anderson, metallurgists; J. P. Bonardi, chemist; Claude Gor-

den, principal clerk, and Miss Brown, stenographer. Chas. Davis, platinum expert, is in charge of the station at present.

The erection of this building north of and immediately adjoining the Mackay School of Mines, was made necessary by the transfer of the mining station from the Golden School of Mines to this city.

JURY DISAGREES IN MURDER CASE

(By Associated Press)

LOS ANGELES, Cal., Dec. 1.—The jury disagreed today in the case of Mrs. Maybelle Roe, charged with the murder of McCullough Graydon in a dispute over a bungalow at Venice. Mr. and Mrs. Edward F. Duane, owners of the bungalow, and Oscar Bowers go on trial today, having been indicted with Mrs. Roe.

She said she fired the shot that killed Graydon to protect Bowers who was being choked by Graydon. The second trial date of Mrs. Roe will be announced next Monday.

REUBSAMEN NAME IS CHANGED TO MOONEY

(By Associated Press)

SEATTLE, Wash., Dec. 1.—Two brothers named Reubsamen had their names changed to Mooney in the superior court because they said their friends had called them Mooney from early childhood. The name Reubsamen literally translated means "turnip seed" they told the court, and their friends had been for many years calling them "moon face" or "mooney" because of the fullness of their faces.
